

DEMO VIDEO SUBMISSION

Nazsya AI Tutor

AI Smart Tutor Using Advanced Prompt Engineering Techniques

Name	:	Nazwa Salsabila
NPM	:	23441066
Institution	:	STMIK Kaputama Binjai
Course	:	Google Prompt Engineering Course
Year	:	2026

1. Demo Video Link

The final project demo video can be accessed through the Google Drive link below:

)

2. Project Description

Nazsya AI Tutor is an AI-powered educational assistant developed using Python, Streamlit, OpenRouter API, and the DeepSeek Chat model. This application applies advanced prompt engineering techniques to generate structured explanations, personalized study plans, interactive quizzes, AI-based answer evaluation, and prompt comparison between basic and optimized prompts.

3. Demo Content

The demo video shows the main features of Nazsya AI Tutor, including:

1. Application interface overview
2. Basic Prompt Response and Optimized Prompt Response
3. Multi-level explanation testing
4. Study Plan Generator
5. Interactive Quiz and scoring system
6. AI Answer Evaluator using rubric-based and role-based feedback
7. Prompt Engineering Analysis and Performance Evaluation

4. Demo Testing Scenarios

The application is tested using three different scenarios:

Demo	Topic	Level	Study Duration	Evaluator Role
Demo 1	What is the water cycle?	Beginner	3 Days	Friendly Tutor
Demo 2	Explain Newton's First Law of Motion	Intermediate	5 Days	Strict Lecturer
Demo 3	What is machine learning?	Advanced	7 Days	Professional Examiner

5. Access Note

Please make sure the Google Drive video link is accessible.

The sharing setting has been set to **Anyone with the link can view**.
